Subject: Urgent Appeal for Immediate Disbursement of Pending Pensionary Benefits for Retired Employees of JKEPFO

Respected Sir,

With utmost respect and hope, we, the retired employees of the Jammu and Kashmir Employees Provident Fund Organization (JKEPFO), write to bring to your kind attention the dire hardships we are facing due to the non-disbursement of our pensionary benefits since April 2022.

Despite repeated communications and appeals to multiple authorities, our pleas have largely gone unheard. After persistent efforts and knocking on every possible door, we succeeded in securing the allocation of the required budget from the Finance Department, which was subsequently authorized by the Law Department. It is important to emphasize that this budget has been allocated from our own reserves and does not impose any financial burden on the government. However, the matter has been pending with the Secretary of the Labour and Employment Department since 08/08/2024, with no action taken to resolve the issue.

This prolonged delay has caused immense financial distress among the retired employees. Tragically, during this period of inaction, some of our colleagues have passed away, leaving their families in severe hardship as they were the sole breadwinners. Their families continue to struggle without any financial support, which is both heartbreaking and unjust.

We humbly request your immediate intervention in this matter to ensure that the pensionary benefits, which are rightfully ours, are disbursed without any further delay. To support our appeal, we are enclosing a copy of the budget allocation letter for your reference. Your kind action will bring much-needed relief to countless retired employees and their families who are currently facing extreme difficulties.

We place our trust in your leadership and compassion and remain hopeful for a positive and swift resolution.

Thanking you in anticipation.

Yours sincerely,
Retired Employees of JKEPFO
